Amended Final Judgment

IT IS HEREBY ORDERED, ADJUDGED, AND DECREED THAT:

1. This Amended Final Judgment incorporates this Court’s Amended Final Approval Order entered on the same date as this Amended Final Judgment. This Amended Final Judgment amends, restates and supersedes the Court’s Final Judgment entered on August 9, 2021.

2. The settlement of the claims of the “Nationwide Class” and “Missouri Class” (collectively, the “Classes”) on the terms in the parties’ Class Action Settlement Agreement and Release executed on March 17, 2021 and filed with this Court on March 18, 2021 as Exhibit A to the Joint Motion for Preliminary Approval of Class Settlement (the “Agreement”) is approved. The Classes are granted final certification under Missouri Rule of Civil Procedure 52.08.

3. Individual notice complying with Missouri Rule of Civil Procedure 52.08 was sent to the last-known address of each member of the Classes. The Court finds that Class Members are bound by this Amended Final Judgment.

4. The Litigation is dismissed, as to all parties, with prejudice according to the terms in the Agreement and in the Court's Amended Final Approval Order, without costs to any party except as provided in the Agreement and Amended Final Approval Order.

5. Class Representatives and all Class Members who did not timely exclude themselves from the Classes shall be and are bound by the Releases provided in Paragraph 5 of the Agreement.

6. This Amended Final Judgment is final, but the Court will retain continuing jurisdiction over this Litigation for the purposes set forth in the Amended Final Approval Order.

7. Unless otherwise provided, all capitalized terms in this Amended Final Judgment shall have the same meaning as those terms in the Agreement and Amended Final Approval Order.

8. The Court expressly determines there is no just reason for delay under Missouri Rule of Civil Procedure 74.01.

IT IS SO ORDERED

Date: September 8, 2021
